Worldscape-MoE

Prompt: On a tropical beach, a weathered wooden pier extends into turquoise shallows. Green palm trees sway in the warm breeze, fronds catching golden sunlight. Rustic thatched huts rest on stilts, with canoes moored beside the dock. Pan left to view the scenery.

Prompt: In a fixed robotic workspace, generate a rigid, physically consistent embodied robotic arm. The arm maintains high stability with no deformation and picks up Sprite placed in the middle of the table.

Prompt: A red placemat on wooden table with blue plastic cutlery arranged in front. In the background, a red cup and saucer with red plastic cutlery, and a blue cup and saucer are placed against a white wall. Place the blue cup on its saucer.

Prompt: Prompt for more control modalities...
